1 GENERAL SUBMISSION INSTRUCTIONS

1.1 PURPOSE

The AmeriCorps Seniors Grant Application is for use by prospective and existing sponsors of AmeriCorps Senior projects under the AmeriCorps Seniors RSVP (RSVP), AmeriCorps Seniors FGP (FGP), AmeriCorps Seniors (SCP), and AmeriCorps Seniors SDP (SDP). The forms in this package conform to AmeriCorps web-based electronic grants management system, eGrants.

The AmeriCorps Seniors Grant Application Instructions consist of two volumes:

- Volume I: Used by applicants for AmeriCorps Seniors RSVP grants. Instructions within the grant application indicate which sections are required for
 - Competitive Grant Application Submissions
 - Non-Competitive Administrative Renewals (only as applicable).
 - Continuation Grant Application Submissions (current grantees only, for second or third years of a three-year grant)
- Volume II: Used by applicants for AmeriCorps Seniors FGP and AmeriCorps Seniors SCP grants. Instructions within the grant application indicate which sections are required for
 - Competitive Grant Application Submissions
 - Non-Competitive Administrative Renewals (only as applicable).
 - Continuation Grant Application Submissions (current grantees only, for second or third years of a three-year grant)

Instructions in this package apply to all applicants. The instructions address the types of information that must be included to fulfill application and grant requirements.

2.2 Project Narratives Instructions (eGrants "Narratives" Sections)

The purpose of the program narratives and the accompanying Work Plans (see part 3) is for you to provide a project plan with a clear and compelling justification for achieving results with the requested funds.

You may not exceed 15 double-spaced pages for the Narratives, including the Executive Summary and Facesheet, as the pages print out from eGrants.

In the case of **competitive grants, reviewers will not consider** material submitted over the page limit, even if eGrants allows you to enter and submit text over the limit. Guidelines for Writing Your Narratives

As you write your grant application narratives, which are found in Part II – **Sections B through F** of the grant application, unless otherwise noted, please focus your descriptions on how you will achieve the outcomes anticipated.

2.2.2 Program Design- Strengthening Communities

Performance Measures Requirements

Your grant application must reflect the Performance Measures Requirements established for AmeriCorps Seniors FGP and AmeriCorps Seniors SCP. The performance measures are documented as a required part of the work plans submitted as part of your grant application.

Please refer to the [AmeriCorps Seniors FGP](#) and [AmeriCorps Seniors SCP](#) Performance Measures Requirements found in Appendix B. These requirements contain definitions, descriptions, and other information.

The unit of measure for AmeriCorps Seniors FGP and AmeriCorps Seniors SCP performance measures requirements is “unduplicated volunteers.” “Unduplicated volunteers” means that each AmeriCorps Senior volunteer is only counted once, even if the volunteer is engaged in more than one activity.

The Strengthening Communities section is addressed in the Work Plan section. Your work plans will be reviewed and assessed on the extent to which each Work Plan:

- Describes and demonstrates the community need
- Articulates a theory of change, meaning how the services of the volunteers will address the community needs and how the service activity described provides a significant contribution to the outcomes of the work plan that lead to national performance measures outcomes.
- Logically connects all elements together, as described in the Notice.
- Work Plan outputs and outcomes align with National Performance Measures Requirements.
- Work Plan outputs and outcomes are achievable, based on resources, program design, and volunteers engaged.

For **Continuation and Renewal** applicants, the most recent required Project Progress Reports and Project Progress Report Lites will be reviewed and assessed on the extent to which

- Performance Measure outputs and outcomes were reported in alignment with National Performance Measure requirements and data collection plans as stated in approved prior application as submitted
- The program is achieving its volunteer recruitment goals in the current grant cycle.

2.2.3 Program Design- Recruitment and Development

In this section of the narrative, please describe:

- Your plan and infrastructure to ensure AmeriCorps Seniors Volunteers receive training needed to succeed in the service activities described in the work plan.
- The demographics of the community served and plans to recruit a volunteer pool reflective of the community served. This could possibly include:
 - Individuals from diverse races, ethnicities, sexual orientations, or degrees of English language proficiency
 - Veterans and military family members as AmeriCorps Seniors Volunteers
 - AmeriCorps Seniors Volunteers with disabilities, including individuals with age-related disabilities
 - AmeriCorps Seniors Volunteers between ages 55 and 70 years old
- Your plan and infrastructure to retain and recognize the AmeriCorps FGP or AmeriCorps SCP volunteers

2.2.4 Organizational Capability-Program Management

In this section, describe specific plans and strategies for overall management of the AmeriCorps FGP or AmeriCorps SCP project that you propose. Please focus your narrative on the following:

- The plans and infrastructure to ensure management of volunteer stations in compliance with AmeriCorps FGP or AmeriCorps SCP program regulations (such as preventing or identifying prohibited activities).
- Your plan and infrastructure to develop and/or oversee volunteer stations to ensure that volunteers are performing their assigned service activities
- Your experience and organizational track record in work plans that lead to national performance measures outcomes

For **Continuation and Renewal applicants**, the previous project will be reviewed and assessed on the extent to which

- The project has met deadlines
- The program demonstrated a pattern of consistent communication and receptiveness to instructions from AmeriCorps over the life of the grant.

2.2.5 Organizational Capability- Organizational Capability

Briefly describe your organization's capability to operate the AmeriCorps Seniors FGP or AmeriCorps Seniors SCP project that you propose with respect to:

- Your plans and infrastructure to provide sound programmatic and fiscal oversight (both financial and in-kind) and day-to-day operational support to ensure compliance with AmeriCorps Seniors FGP and AmeriCorps SCP requirements (statutes, regulations, and applicable OMB circulars) and to ensure accountability and efficient and effective use of available resources.
- Clearly defined paid staff positions, including (as applicable) identification of current staff assigned to the project and how these positions will ensure the accomplishment of the program objectives
- Your organization's capacity to:

- Develop and implement internal policies and operating procedures to provide governance and manage risk, such as accounting, personnel management, and purchasing
- Manage capital assets such as facilities, equipment, and supplies.

2.2.6 Other NOFA Requirements

This section is used, as needed, to address any additional program requirements that appear in the published Notice of Funding Opportunity (NOFO) or supplemental instructions. Refer to the NOFO for specifics.

3 PERFORMANCE MEASURES AND WORK PLANS – EGRANTS WORK PLAN SECTION

For AmeriCorps Seniors FGP and AmeriCorps Seniors SCP **Competitive and Renewal** applicants, this section **must be completed**.

For Continuation Applicants, you **MUST UPDATE** the continuation grant application to reflect any changes from previous submission to ensure that Performance Measures and Work Plans are aligned to the proposed activities and outcomes in the upcoming year.

3.1 About Plan Requirements (FGP)

About Work Plans

- A Work Plan is a **task plan with action steps** to address a specified community need. In the grant application, these Work Plans form the basis for a proposed project plan: the need the volunteers will address, what they will do, and what their service should accomplish.
- Work Plans follow a standard format.
- Work Plans capture the focus of the volunteers' services in standard categories. These include **Focus Areas and Service Activities**.
- Your Work Plans should align with the Strengthening Communities Narrative section of this grant application. Work Plans translate the narrative information that you provided into organized task plans that include the inputs (unduplicated volunteers), service activities, outputs, and outcomes. The Work Plans also provide a place for you to set targets for outputs and outcomes.

How many Work Plans are needed?

The number of Work Plans needed is determined by how you place your volunteers, and by the types of service activities they will undertake.

How are Work Plans completed?

Data that you enter into **the eGrants Performance Measures Module (PMM)** are the basis for your work plans. As you enter data on the community need and select your outcomes, outputs, service activities and other information, the eGrants PMM will build your work plans for you.

The Work Plan Development Worksheets (available on the [Managing AmeriCorps Seniors webpage](#)) are designed to help you plan your performance measures. These worksheets can help to organize how you will fit your performance measures together with the volunteer activities. We recommend that you use

the worksheets and instructions to map out your work plans, and then use the completed worksheets to transfer the information into the eGrants PMM.

Which sections of the Work Plans must be completed and what is the purpose of each section?

The following sections must be completed for all Work Plans with one exception. This exception is the one work plan that will capture all the volunteers placed to meet “Community Priorities.”

- **Description of Community Need:** The description of the community need must be completed for each output you select. This needs statement should explain the compelling need that will be addressed by the volunteers. When you develop your community need, be sure to:
 - Describe the need in enough detail to convey its importance in the community. Use the local statistics can be helpful to make your case.
 - Describe the consequences of the need going unmet in the community.
 - Describe why AmeriCorps Seniors FGP volunteers can be effective resources to meet the need.
 - Describe the need clearly to people unfamiliar with your community. Do not assume that other readers have an existing understanding.
- **Output:** Outputs are the immediate results of the volunteers’ services. These are usually count-numbers of children served, etc. The output is selected using the pull-down menu in the eGrants PMM.
- **Service Activity:** The service activity (or activities) is the task that the volunteers will perform. The service activity description should explain what the AmeriCorps Seniors FGP volunteers are doing in a way that shows how they will achieve the outputs and outcomes. Say who the beneficiaries are, and what the volunteers will be doing with the beneficiaries. Say how often volunteers will provide the service and for how long. Say where the service will take place. For each output, you may select more than one service activity. The service activities are selected using the pull-down menu in the eGrants PMM. **For each service activity selected, the eGrants PMM will create a separate work plan.**
- **Number of Unduplicated Volunteers:** This is the proposed number of volunteers who will be performing each service activity. Each volunteer can only be counted once when assigned to a service activity. The volunteer should be counted in the area where he/she will make the most impact- in terms of the type of service or in terms of the scope of service, such as the greatest number of hours served.
- **Total Number of Volunteers:** Here, you enter the total volunteers engaged in the activities, if you were to assign all of them according to each activity. In this way, volunteers can be counted more than once- for example, if the same volunteer does two different types of activities such as tutoring AND mentoring, you can account for both assignments in this field.
- **Targets:** The target is the number that you anticipate achieving in the third year of the performance period. For example, if you think your volunteers will serve 50 children in Head Start in the third year of the performance period, you would enter 50 as your target.

- **Instrument used for Tracking Output:** This is the tool that will be used for data collection. The Instrument is selected using the pull-down menu in the eGrants PMM.
- **Outcome:** Outcomes are the longer term or permanent change or improvement expected in the community due to the volunteers and their services. The outcome is selected using the pull-down menu in the eGrants PMM.
- **Number of Outcome Volunteers:** This is the number of volunteers who must be placed in assignments/ activities that lead to outcomes. Please see the appropriate Notice for information about how to calculate or determine the number of outcome volunteers.
- **Instrument used for Tracking Outcome:** This is the tool that will be used for data collection. The instrument is selected using the pull-down menu in the eGrants PMM.

Which sections of the Work Plan must be completed in the “Community Priorities” work plan?

The following sections must be completed in the “Community Priorities” work plan. No other sections are required.

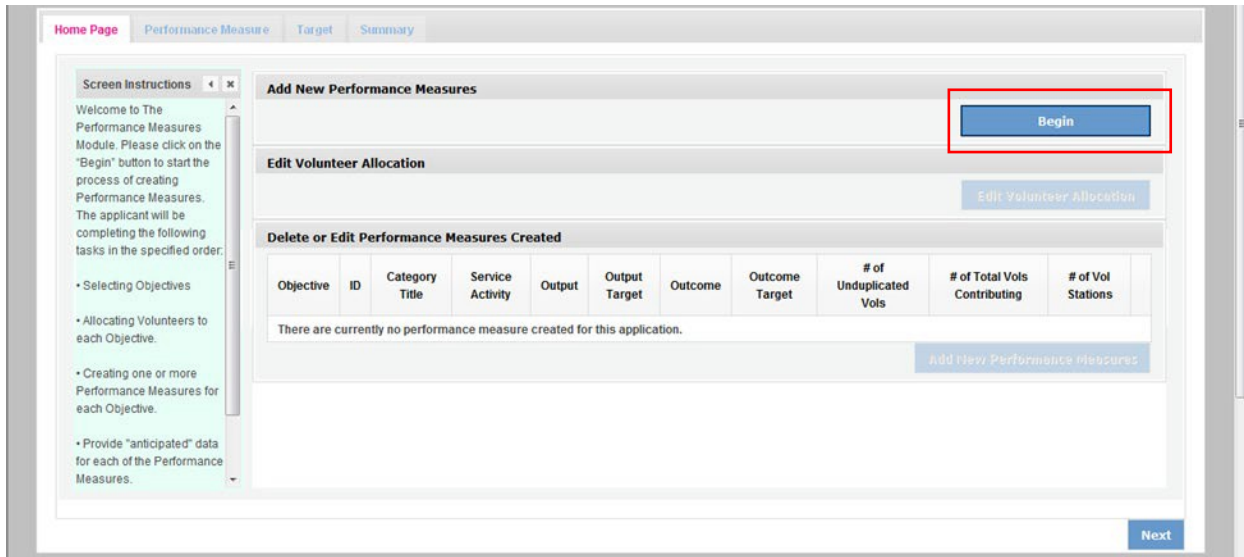

- **Description of Community Need:** The description should briefly state the needs that the volunteers will meet. If more than one need will be addressed as a community priority, each need should be listed.
- **Output:** There is one pre-determined output for the “Community Priorities” work plan – “Grantee met its target for community priority activity Yes/No.” This will be the only option available when entering the Community Priority work plan.
- **Number of Unduplicated Volunteers:** This is the proposed number of volunteers who will be performing each service activity.
- **Number of Volunteers:** The total number of volunteers proposed, when counting the volunteers by assignment. Volunteers can be counted more than once (such as one volunteer serving in nursing homes and also at the library).
- **Total Number of Volunteer Stations:** The total number of placement sites or volunteer stations.

3.1.1 How to Enter AmeriCorps Seniors FGP Work Plans

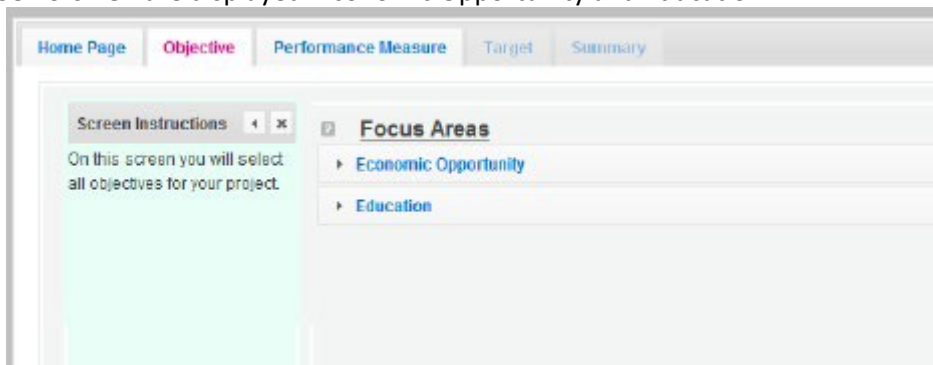

Click to enter the work plan Performance Measure Module.

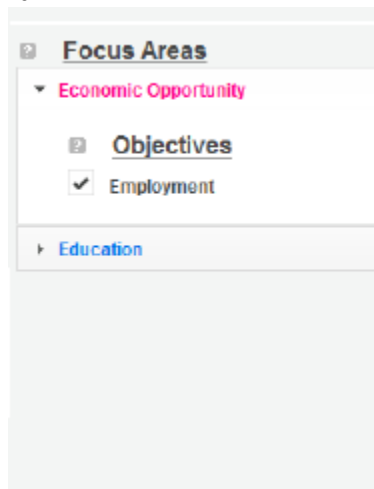

Click Begin to start entering work plans.

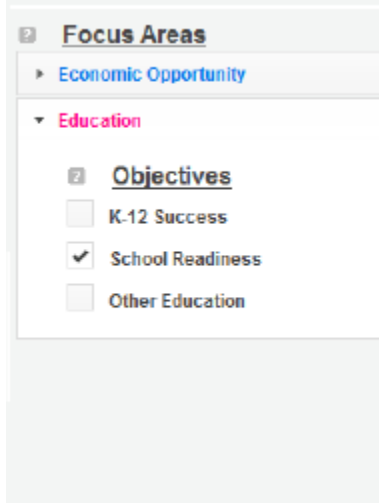

The Objectives tab displays the options for work plan development. The AmeriCorps Focus Areas for AmeriCorps Seniors FGP are displayed: Economic Opportunity and Education.

Clicking on each Focus Area will show specific objectives available for that Focus Area. Check the boxes next to each objective to create work plans in that particular objective. The objective option for Economic Opportunity is Employment.

The objective options for Education are K-12 Success, School Readiness, and Other Education.

When all necessary objectives have been selected, click “Next” or the Performance Measures tab to move to the Performance Measures tab.

The Performance Measure tab allows you to create sets of aligned performance measures for all the grant activities you will measure. The work plans you will develop are for the objectives that were previously selected. Begin by selecting a Category Title from the drop-down options.

Select an objective for your aligned Performance Measure. The objectives dropdown list will generate based on the category title selected.

The screenshot shows a web form titled "Performance Measures". On the left, there are several sections: "Select Category Title" (with a dropdown menu showing "Agency-wide Education Outcome"), "Select Objective" (with a dropdown menu showing "Agency-wide Education Outcome" and "Other"), "Enter Community Need" (a text input field), "Select Output" (a dropdown menu showing "--Select Output--"), "Select Instrument" (a dropdown menu showing "--Select Instruments--"), "Enter Instrument Description" (a text input field), "Select Outcome" (a dropdown menu showing "--No Outcome selected--"), "Select Instrument" (a dropdown menu showing "--Select Instruments--"), "Enter Instrument Description" (a text input field), and "Select Service Activities" (a table with columns "Service Activities" and "Description"). At the bottom right, there are buttons for "Reset", "Add PM", "Back", and "Next".

Provide a brief description of the need your project will address in this Performance Measure.

This is a close-up of the "Enter Community Need" text input field. The field is empty and has a red border around it. Below the field, the "Select Output" dropdown menu is visible, showing "(PRIORITY) V9: Number of active military service members that received CNCS-supported assistance".

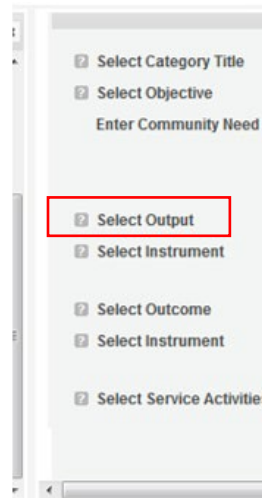

Select the output you wish to measure in this set of work plans. The output dropdown list will generate based on the objective selected.

This screenshot shows a vertical list of options for the "Select Output" dropdown menu. The options are: "Select Category Title", "Select Objective", "Enter Community Need", "Select Output", "Select Instrument", "Select Outcome", "Select Instrument", and "Select Service Activities". The "Select Output" option is circled in red.

Select the instrument you plan to use to measure the output. The instrument dropdown list will generate based on the output selected. Enter an instrument description. Give the name of the instrument and briefly describe who will collect the data from whom, and when it will be collected.

Select the outcome you wish to measure in this set of work plans. The outcome dropdown list will generate based on the output selected. If the output does not have corresponding outcomes available, outcome options will not be available in the dropdown list. All Outputs, except for Other Community Priorities, must be paired with the appropriate outcome.

3.2 About Plan Requirements (AmeriCorps Seniors SCP)

About Work Plans

- A Work Plan is a **task plan with action steps** to address a specified community need. In the grant application, these Work Plans form the basis for a proposed project plan: the need the volunteers will address, what they will do, and what their service should accomplish.
- Work Plans follow a standard format.
- Work Plans capture the focus of the volunteers' services in standard categories. These include **Focus Areas and Service Activities**.
- Your Work Plans should align with the Strengthening Communities Narrative section of this grant application. Work Plans translate the narrative information that you provided into organized task plans that include the inputs (unduplicated volunteers), service activities, outputs, and outcomes. The Work Plans also provide a place for you to set targets for outputs and outcomes.

How many Work Plans are needed?

The number of Work Plans needed is determined by how you place your volunteers, and by the types of service activities they will undertake.

How are Work Plans completed?

Data that you enter into **the eGrants Performance Measures Module (PMM)** are the basis for your work plans. As you enter data on the community need and select your outcomes, outputs, service activities and other information, the eGrants PMM will build your work plans for you.

The Work Plan Development Worksheets (available on the [Managing AmeriCorps Seniors webpage](#)) are designed to help you plan your performance measures. These worksheets can help to organize how you will fit your performance measures together with the volunteer activities. We recommend that you use the worksheets and instructions to map out your work plans, and then use the completed worksheets to transfer the information into the eGrants PMM.

Which sections of the Work Plans must be completed and what is the purpose of each section?

The following sections must be completed for all Work Plans with one exception. This exception is the one work plan that will capture all the volunteers placed to meet "Community Priorities."

- **Description of Community Need:** The description of the community need must be completed for each output you select. This needs statement should explain the compelling need that will be addressed by the volunteers. When you develop your community need, be sure to:
 - Describe the need in enough detail to convey its importance in the community. Use the local statistics can be helpful to make your case.
 - Describe the consequences of the need going unmet in the community.
 - Describe why AmeriCorps Seniors SCP volunteers can be effective resources to meet the need.
 - Describe the need clearly to people unfamiliar with your community. Do not assume that other readers have an existing understanding.

- **Output:** Outputs are the immediate results of the volunteers' services. These are usually the numbers of children served, etc. The output is selected using the pull-down menu in the eGrants PMM.

- **Service Activity:** The service activity (or activities) is the task that the volunteers will perform. The service activity description should explain what the AmeriCorps Seniors SCP volunteers are doing in a way that shows how they will achieve the outputs and outcomes. Say who the beneficiaries are, and what the volunteers will be doing with the beneficiaries. Say how often volunteers will provide the service and for how long. Say where the service will take place. For each output, you may select more than one service activity. The service activities are selected using the pull-down menu in the eGrants PMM. **For each service activity selected, the eGrants PMM will create a separate work plan.**

- **Number of Unduplicated Volunteers:** This is the proposed number of volunteers who will be performing each service activity. Each volunteer can only be counted once when assigned to a service activity. The volunteer should be counted in the area where he/she will make the most impact- in terms of the type of service or in terms of the scope of service, such as the greatest number of hours served.

- **Total Number of Volunteers:** Here, you enter the total volunteers engaged in the activities, if you were to assign all of them according to each activity. In this way, volunteers can be counted more than once- for example, if the same volunteer does two different types of activities such as tutoring AND mentoring, you can account for both assignments in this field.

- **Targets:** The target is the number that you anticipate achieving in the third year of the performance period.

- **Instrument used for Tracking Output:** This is the tool that will be used for data collection. The Instrument is selected using the pull-down menu in the eGrants PMM.

- **Outcome:** Outcomes are the longer term or permanent change, or improvement expected in the community due to the volunteers and their services. The outcome is selected using the pull-down menu in the eGrants PMM.

- **Number of Outcome Volunteers:** This is the number of volunteers who must be placed in assignments/ activities that lead to outcomes. Please see the appropriate Notice for information about how to calculate or determine the number of outcome volunteers.

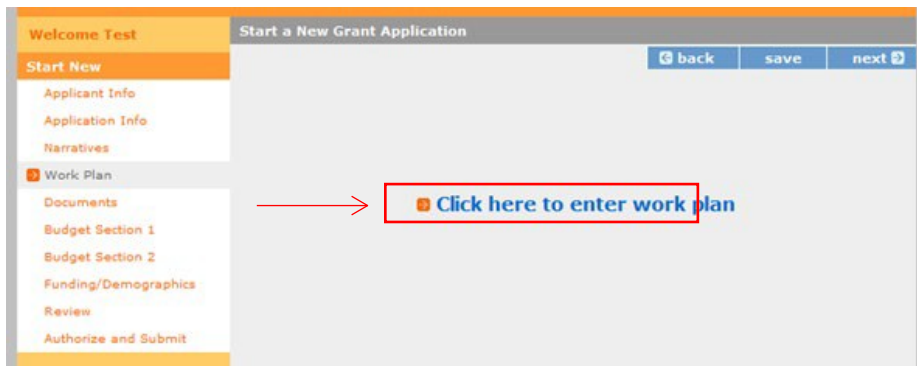

- **Instrument used for Tracking Outcome:** This is the tool that will be used for data collection. The instrument is selected using the pull-down menu in the eGrants PMM.

Which sections of the Work Plan must be completed in the “Community Priorities” work plan?

The following sections must be completed in the “Community Priorities” work plan. No other sections are required.

- **Description of Community Need:** The description should briefly state the needs that the volunteers will meet. If more than one need will be addressed as a community priority, each need should be listed.
- **Output:** There is one pre-determined output for the “Community Priorities” work plan – “Grantee met its target for community priority activity Yes/No.” This will be the only option available when entering the Community Priority work plan.
- **Number of Unduplicated Volunteers:** This is the proposed number of volunteers who will be performing each service activity.
- **Number of Volunteers:** The total number of volunteers proposed, when counting the volunteers by assignment. Volunteers can be counted more than once (such as one volunteer serving in nursing homes and also at the library).
- **Total Number of Volunteer Stations:** The total number of placement sites or volunteer stations.

3.2.1 How to Enter AmeriCorps Seniors SCP Work Plans
Click to enter the work plan Performance Measure Module.

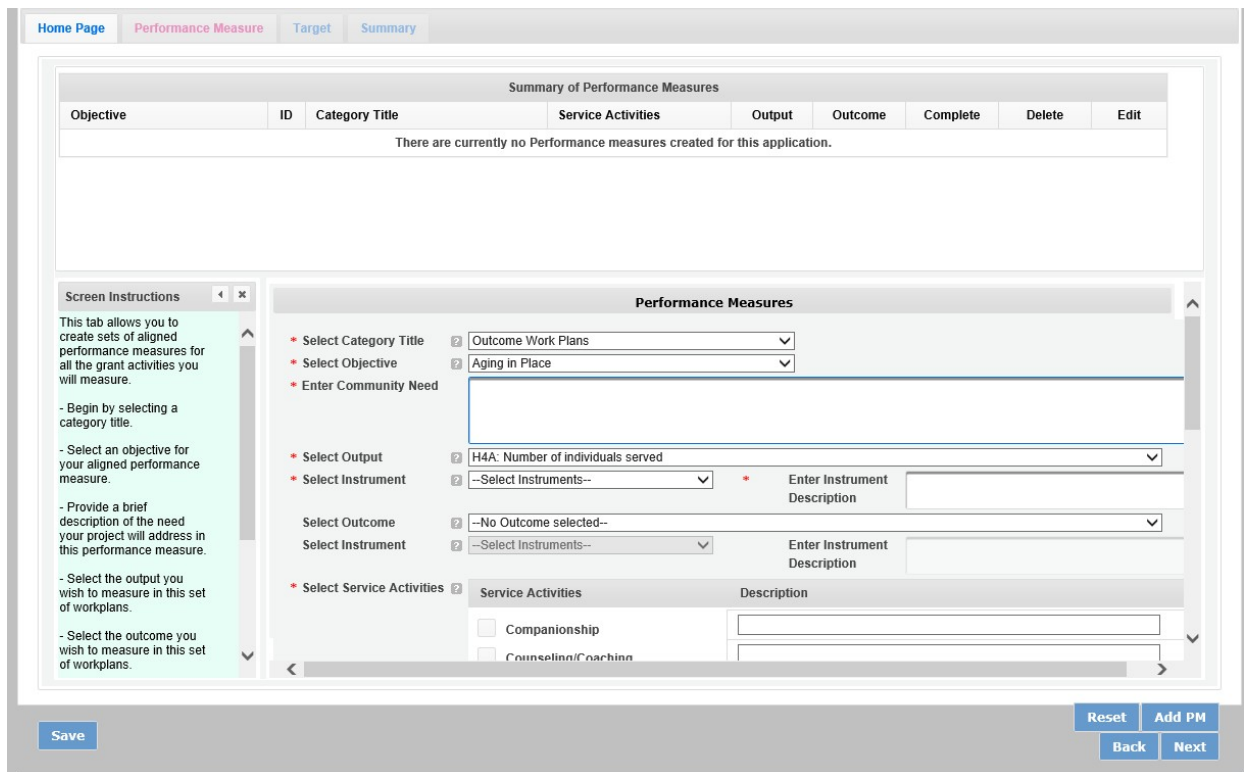

Click Begin to start entering work plans.

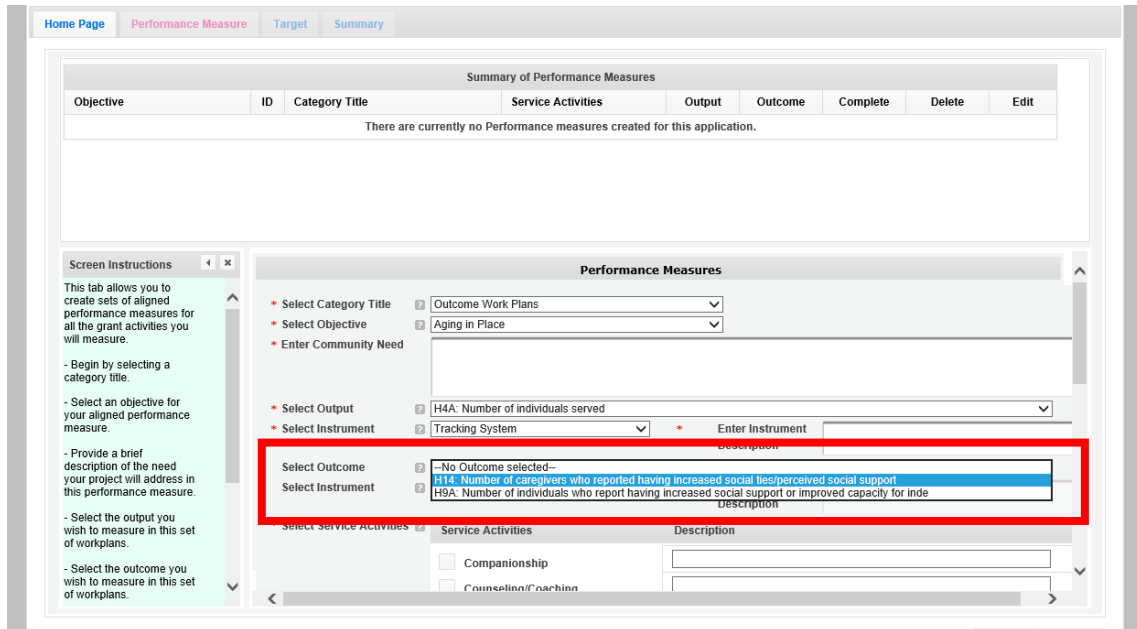

The Performance Measure tab allows you to create sets of aligned performance measures for all the grant activities you will measure. Begin by selecting the “Outcome Work Plans” Category Title and the “Aging in Place” Objective.

Provide a brief description of the need your project will address in this performance measure. Select the Output, H4A, Number of individuals served.

Select the instrument you plan to use to measure the output. The instrument dropdown list will generate based on the output selected. Enter an instrument description. Give the name of the instrument and briefly describe who will collect the data from whom, and when it will be collected.

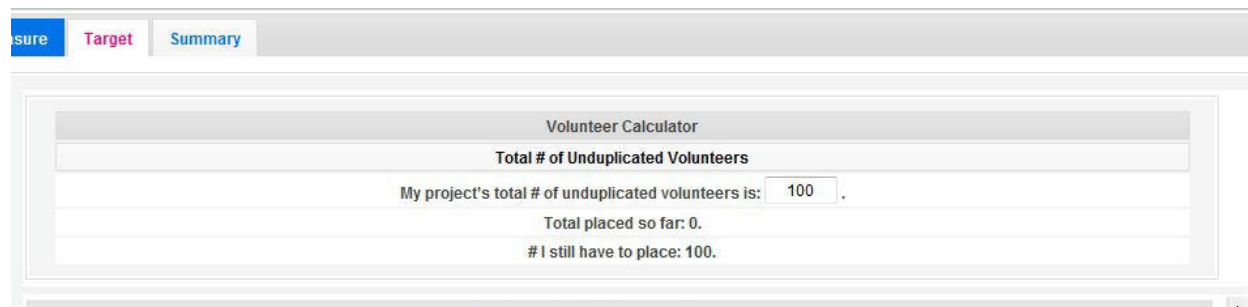

Select the outcome and accompanying instrument you wish to measure in this set of work plans.

Select all the service activities that apply. The service activities that appear are generated based on the objective selected. Each service activity selected will create a new work plan. Enter a description of the service activity in the corresponding text box. The service activity description should explain what the AmeriCorps Seniors SCP volunteers are doing in a way that shows how they will achieve the outcome or output. Say who the beneficiaries are, and what the volunteers will be doing with the beneficiaries. Say how often volunteers will provide the service and for how long, as well as where the service will take place.

Click Add PM after completing the information for each objective. As work plans are completed for each objective, the objectives will appear at the top of the screen.

After all work plans have been completed, click “next” or the target tab to move to the Target tab. The Target Tab allows Targets to be set for each work plan. First, enter the project’s total number of unduplicated volunteers in the volunteer calculator.

For every work plan, enter the output target, outcome target, number of unduplicated volunteers, number of total volunteers contributing, and number of volunteer stations. Targets must be numbers not percentages.

The volunteer calculator at the top of the screen will update accordingly to display the volunteers left to place for the Performance Measure requirements. As you enter target numbers, click on Review Allocations to update the volunteer calculator. Once all Performance Measure requirements are met, the success notice will populate in the volunteer calculator.

Click, “next” or the Summary tab to move to the Summary tab. This page provides a summary of all the information you have entered in the module. To print the entire summary, click “Print PDF for all Performance Measures.” To print one performance measure, expand the measure and click “Print this Measure.”

4 REQUIRED SUPPLEMENTAL DOCUMENTS LIST (EGRANTS “DOCUMENTS” SECTION)

Please refer to the Notice for list of additional documents the specific submission instructions. Unless otherwise noted in the Notice, use eGrants to indicate the status of documents: Already on file at AmeriCorps, Not Applicable, Not Sent, Sent

Document Status Definitions

- Sent: means you have sent the document to AmeriCorps
- Not Sent: means you intend to send the document to AmeriCorps but have not yet done so.
If Not Sent is selected, the application cannot be submitted in eGrants
- Not Applicable: means the document is not required for this application
- Already on file at AmeriCorps means the document is already on file at AmeriCorps because it was submitted with a previously awarded application

Include your eGrants Application ID number and organization name with all documents.

The following documents will need to be submitted with applications:

- Tribal organization eligibility documentation- **New Applicants, Continuations and Renewals.**
- Applicant Operational and Financial Management Survey (OFMS)- All **New Applicants** no matter the funding level and **Renewals** applicants requesting \$75,000 or more of Federal funds.

Note: By signing the application, an official of the grantee organization certifies that any attachment not included has not changed from the prior submission that is on file with AmeriCorps.

5 BUDGET INSTRUCTIONS (EGRANTS “BUDGET” SECTIONS)

For competitive applications, please refer to the NOFO, which includes the elements of cost effectiveness and budget adequacy that will be highlighted during the competition.

Briefly describe:

- The reasonable cost per volunteer that will be proposed in the work plan section that lead to national performance measures requirements.
- The plans and infrastructure to secure the non-federal share, including dedicated staff, grant proposal processes, and other plans.

Multi-year applications - Complete the SF 424A Budget form requesting funds for the first annual budget period, following the instructions below. Multi-year project approval does not guarantee that the application will be approved for additional funding. If we approve an application and enter into a multi-year award agreement, we will issue a Notice of Grant Award (NGA) that will provide funding only for the first year. You must submit a continuation application, via eGrants, for each year of the award to request additional funding. We will use the distribution of line item amounts proposed for the first year in budgeting for subsequent years unless you submit an application for revising the budget.

Your Portfolio Manager will provide instructions for continuation applications. Following receipt of a Notice of Grant Award (NGA), you may submit applications for revision of your budget via eGrants.

Single-year applications - Complete the SF 424A Budget form for the 12-month period, following the instructions below. Unless otherwise instructed by an agent of AmeriCorps, or referenced in the Notice or supplemental guidance, all grants are multi-year.

In addition to stipends, AmeriCorps Seniors FGP and AmeriCorps Seniors SCP allowable costs and reimbursable expenses include: Insurance, Volunteer Travel, Physical examinations, Meals, Uniforms, and Recognition.

Volunteers may also be reimbursed for costs incurred while performing assignments – including transportation, equipment, supplies, etc. – provided such costs are described in the Memorandum of Understanding negotiated with the volunteer station where the volunteer is assigned and there are sufficient funds available to cover these expenses and meet all other requirements of the NGA. For AmeriCorps Seniors SCP only, monetary incentives for AmeriCorps Seniors SCP Leaders should be listed in #7: Other Allowable Expenses. Use the Narrative for the corresponding line to provide explanation or show calculations, as needed.

6 VOLUNTEER STATION ROSTER (EGRANTS “VOLUNTEER STATIONS” SECTION)

While completing your **continuation or renewal application**, you will notice a section: Station Roster.

Below are the instructions for entering your volunteer station roster. *New Applicants will be requested to submit their Station Roster a later date if awarded by Portfolio Managers.*

Review the instructions for entering your volunteer station information. Click on the “add a new” link to enter you volunteer station information.

A pop-up screen will appear to enter each volunteer station. Fields with a red asterisk (*) are required for completion of each volunteer station.

Enter data for each field. For help, click the help text (?) to understand the description of what should be entered into that specific field. For example, the street address line should be entered as the actual physical address location where AmeriCorps Senior* volunteers will serve. Do not enter post office boxes.

Volunteer Stations

Please enter volunteer station information.

Applicants for grant competitions do not need to complete this section. If selected for funding, all applicants for grant competitions will submit a station roster at a later date. Please enter volunteer station information. A volunteer station is a public agency, secular or faith-based private non-profit organization, or proprietary health care organization that accepts the responsibility for assignment and supervision of Senior Corps volunteers in health, education, social service or related settings such as multi-purpose centers, home health care agencies, or similar establishments. Each volunteer station must be licensed or otherwise certified, when required, by the appropriate state or local government. Private homes are not volunteer stations. Provide stations in as much detail as possible. For example, rather than entering a school district, enter each school where volunteers are serving. As each station is entered, it will populate in a list below. Please make every effort to provide complete and accurate data and to update it each year through continuation or renewal. Once a volunteer station is created it cannot be deleted. If an organization was entered in error, uncheck the "Active" box in the pop up box by clicking on "View/Edit" next to the volunteer station in the list below. Enter stations as planned for the upcoming grant year. If the station is not yet active, when entering the station uncheck the box marked "Active" and update the station later through an amendment.

7 eGrants Indirect Cost Rate (IDCR) User Instructions

eGrants contains a feature that allows users to input Indirect Cost Rate information into their eGrants account. Recipients that will be claiming or budgeting for indirect costs on AmeriCorps awards are required to enter the following indirect cost rates in eGrants: federally negotiated rates, state negotiated rates, and the use of de minimis rate of 10% of modified total direct costs (MTDC). Recipients of AmeriCorps State and National awards may only charge 5% of their negotiated rate to the federal share of the award, with the remaining balance being charged to match (See [45 CFR §§ 2521.95](#) and [2540.110](#)).

Once a rate is entered and saved in eGrants, it cannot be edited. If users inadvertently enter incorrect information, a new entry must be submitted with the correct information.

Entry for the IDCR screen can be accessed using the following steps:

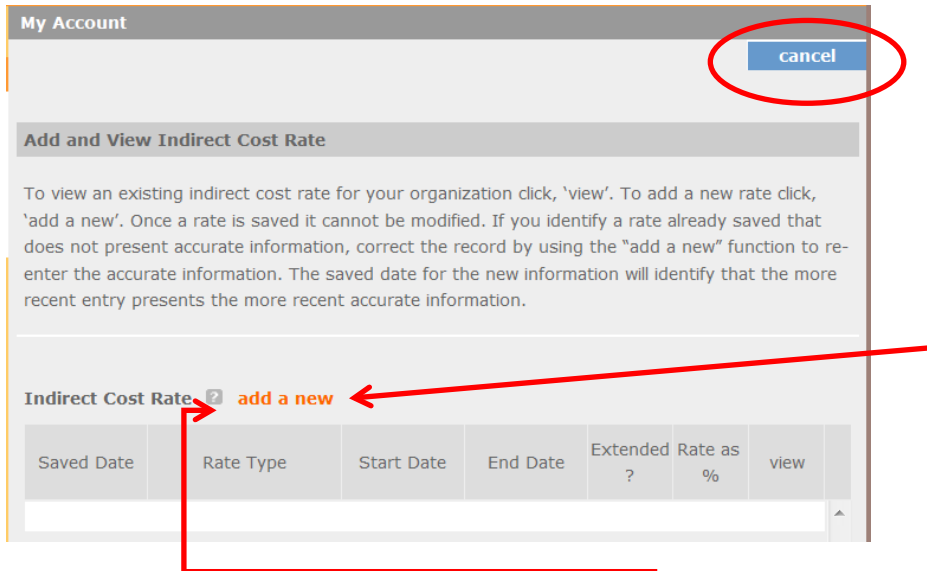

- 1) From the **eGrants Home** screen, in the lower panel under **Managing My Account**, click on **My Account**

- 2) From the **My Account** screen, under **Edit My Organization Info**, click on **Add and View Indirect Cost Rate**

- 3) From the **Add and View Indirect Cost Rate** screen, select **add a new** to add a rate or **cancel** to back out of the screen.

Field by field instructions can be found by clicking the “?” located next to Indirect Cost Rate or Indirect Cost Rate Record.

If **add a new** is selected, the screen below will pop up.

The screenshot shows the 'Indirect Cost Rate Record' form. At the top right, there are 'cancel' and 'save & close' buttons. Below is the instruction: 'Enter an indirect cost rate record by completing the fields shown below. Use the RoboHelp '?' button for field by field instructions.' The form title is 'Indirect Cost Rate Record ?'. The fields are: '* Do you have Indirect Cost Rate to record?' (Please Select), '* Rate Type:' (Please Select), '* Issuing Agency:' (Please Select), '* Acceptance Date:' (mm/dd/yyyy), '* Effective From:' (mm/dd/yyyy), '* Effective To:' (mm/dd/yyyy) with a 'No Expiration' checkbox, '* Extended?' (Please Select), '* Rate Status:' (Please Select), '* Rate Percent:' (input field with %), '* Rate Base:' (text area), '* Treatment of Fringe Benefits:' (text area), and '* Treatment of Paid Absences:' (text area). At the bottom, there are 'cancel' and 'save & close' buttons.

- 4) **Do you have an Indirect Cost Rate to record?** Respond Yes or No. If **NO** is selected, users cannot go any further and nothing will be recorded. If **Yes** is selected, users can continue on. If your organization will be claiming or budgeting with a current, approved indirect cost rate on any AmerCorps awards, it must be reported on this page. The rate information you record will be used in all award negotiation and reviews until it is superseded by a new approved rate, or until it expires. Applicants will have an opportunity to identify, in applications, if they will be using a lesser percentage of an approved rate, if you so choose.
- 5) **Rate Type:** If your rate type is not one of the following options, contact your Portfolio Manager or Competition contact person from the applicable Notice for guidance:
Federally Negotiated – select if your rate has been negotiated by your cognizant federal agency. Cognizance is determined by the agency which provides the highest amount of direct federal funding (see Uniform Guidance Appendices III, IV, V, and VII);
State Negotiated – select if your rate has been negotiated by a state agency or other pass through entity; or
10% of MTDC – select if your organization qualifies for and elects to use the 10% de minimis rate of Modified Total Direct Costs (MTDC). Organizations qualify for this rate if they have NEVER had a federally negotiated rate. State entities must also not receive more than \$35 million in direct federal funding to be eligible for this rate.

Rates must be used consistently across ALL federal awards.

- 6) **Issuing Agency.** Respond by selecting the federal agency that approved your rate, or if the federal agency who issued your rate is not listed, select **Other**, or if your rate is issued by a state agency select **Other**.
Identify federal agencies using the drop-down list. If your rate is approved by a federal agency other than the ones listed, notify your Portfolio Manager or Competition contact person from the applicable Notice. Other federal agencies may be added as needed.
- 7) **Acceptance Date.** Enter a valid date.
The acceptance date is usually identified where the rate was signed by the issuing state or federal agency.
- 8) **Rate Status.** Select one of the following options: **Final, Provisional, Predetermined, Fixed, Other**, or **Other – 10%**.
Rates issued by federal agencies will almost always be final or provisional. However, if your organization has formally notified a federal or state agency of your eligibility and intent to use the 10-percent of MTDC rate, select **Other – 10%**. If your organization has a **predetermined** or **fixed rate**, select those options accordingly. If a state rate indicates a term that is not listed here, select **Other** and notify your Portfolio Manager or Competition contact person from the applicable Notice. Additional rate status options may be added as needed.
- 9) **Effective From.** Enter a valid date.

The effective from date is found on your indirect cost rate document. If using the 10-percent of MTDC rate, enter today's date or the date your organization formally started charging costs under the 10-percent of MTDC rate.

10) **Effective To.** Enter a valid date.

The effective to date is found on your indirect cost rate document. If your organization has received approval to extend your rate, enter the end date of the extension.

11) **No Expiration.** Check or leave unchecked.

If your rate does not have an expiration date, as is the case with the use of the 10-percent of MTDC rate, check this box. Otherwise, leave this box unchecked.

12) **Extended?** Respond Yes or No.

If the rate "effective to" date has been extended with approval of the federal cognizant agency under authority of the Uniform Guidance, respond **Yes**. If it is not an extended rate effective to date, respond **No**.

13) **Rate Base.** Enter up to 500 characters including spaces.

Enter the text as found on your indirect cost rate approval document. For rates issued by state agencies, enter either the rate base used to determine the indirect cost pool as stated on your indirect cost rate approval document or "State Rate N/A." If you need more than 500 characters, indicate "Summary" and record the most important content.

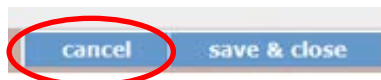

14) **Treatment of Fringe Benefits.** Enter up to 500 characters including spaces.

Enter the text as found on your indirect cost rate approval document. For rates issued by state agencies, enter either how fringe benefits were treated in determining the indirect cost rate as stated on your indirect cost rate approval document or "State Rate N/A." If you need more than 500 characters, indicate "Summary" and record the most important content.

15) **Treatment of Paid Absences.** Enter up to 500 characters including spaces.

Enter the text as found on your indirect cost rate approval document. For rates issued by state agencies, enter either how paid absences were treated in determining the indirect cost rate as stated on your indirect cost rate approval document or "State Rate N/A." If you need more than 500 characters, indicate "Summary" and record the most important content.

16) When you have completed all of the above entries, click the "**save & close**" button at the bottom of the page.

- If you would like to cancel your entry, click the "**cancel**" button and the entry will be cancelled. All entry information will be lost, and no entry will be shown.
- **Once a rate is saved it cannot be modified.**
- If users inadvertently enter incorrect information, a new entry must be submitted with the correct information.

17) **Order of Rates** - Once an entry is saved, users will be able to see the rates they have entered. Rates will display in the order of entry. Entry of rates will provide users and AmeriCorps with a historical record which can be used to clarify indirect cost rate inquiries for monitoring, consistent record maintenance, and audits.

If you have any questions or concerns, please contact your Portfolio Manager or Competition contact person from the applicable Notice.
